### **Important Notice: Window Care Instructions**

3M Safety and Security Films may be washed with common washing solutions, including ammonia-based products, **thirty (30) days after installation**. Abrasive type cleaning agents and bristle brushes which would scratch the film must not be used. Synthetic sponges, squeegees, or soft cloths are recommended to be used with the cleaning solution. **To maintain your warranty, do not use tape or other adhesive products on the film.**

### **Important Notice: Temporary Appearance:**

After installation, there may be a hazy appearance on your windows. This condition is temporary and is caused by the moisture that is present when applying the film. This hazy appearance will disappear after the film dries which may take up to thirty (30) days for the film to completely dry. Cold weather conditions may require additional time.
